#### Reissuing Export Certificates

The term “reissue” refers to issuing new PPQ Form(s) 577 or 579 to substitute for a previously issued certificate.

Reissued certificates are based on the same inspection date(s) and results of the original certificates. If a new inspection is required the certificate needs to be issued according to [Table 3-8-1](#) on [page-3-8-4](#) or [Table 3-8-4](#) on [page-3-8-21](#). The date of issuance must always be the actual date the ACO signs the certificate. When reissuing a certificate, review the time limits for the country to ensure the original PPQ Form(s) 577 or 579 was issued according to the country’s time limits. If the re-issuance occurs outside of the country’s time limit, include an AD referring to the original certificate and the original date of issuance.

Refer to [Table 3-12-1](#) on [page-3-12-2](#) to help decide whether to reissue PPQ Form 577 or 579.

1 ACOs may have to contact the originating office for supporting documents.

2 The original export certificate was issued according to PPQ policy concerning time limits.

3 With the use of PCIT, PPQ Form 577 can be reissued at any duty station. Until version 3.1 is released, ACOs may have to contact the originating office for supporting documents. With the release of PCIT version 3.1, ACOs will also be able to reissue PPQ Form 579 at any duty station.

## Voiding or Returning Unused Export Certificates

Issuing offices (accountability points) document on APHIS Form 80-R, Export Certificate Record, when PPQ Forms 578 or 579 are voided or returned unused by industry.

Important

Do **not** use APHIS Form 80-R with PPQ Form 577. With the use of PCIT, PPQ Form 80-R is **not** necessary, since prepaid PPQ Form 577s are no longer maintained outside of the PCIT system.

Issuing offices maintain file copies of either the original APHIS Form 80-R or voided certificates. If your ECS wants to be notified of voided certificates, consider attaching the original or copy of the voided or returned unused certificate to APHIS Form 80-R in order to substantiate the credit.

See also on **page 3-11-10** when collecting a user fee for reissued export certificates.

For directions on refunding or crediting voided certificates, see on **page 3-11-10**.

Important

All voided certificates (including those ruined while typing or preparing) that were prepaid by exporters **must** be returned to the issuing office (accountability point).

PPQ retains a \$7 administrative fee from the refund or credit for voided certificates.
